Address: Coniston Corporate Enterprise  
The Square Court  
East of Line  
Coniston  
Cumbria  
LA21 9BE

## What garments can be sold on the shop?

Go to [www.corporate-embroidery.co.uk](http://www.corporate-embroidery.co.uk) and see our 'Products and Catalogue' pages. All of these items can be bought as minimums of one item and supplied direct through your shop.

Our entire range consists of over 25,000 garments, so if it's not shown in our main catalogue we can still source and supply whatever you need, so please ask.

## Price Guide

All our prices are dictated by what's embroidered onto the garment, so until we've seen your design it's impossible to be 100% accurate.

But we also realise you need some idea of what's involved.

	You Pay	You decide what price to sell on at and how much to earn on each item	All + vat and include 1 x embroidered logo
Polo Shirts	£9.00		
Sweat Shirts	£10.00		
Fleece Pullovers	£16.00		
Caps	£6.00		
Holdall bag	£10.00		

Set up of logo onto disc for embroidery of the design at approximately £50. This is a one off charge, this is then your property to use whenever and onto whatever you wish in the future.

Please email your design to [info@corporate-embroidery.co.uk](mailto:info@corporate-embroidery.co.uk) so we can get back to you with an accurate quote.

## Garment Photographs

We will take initial photographs and add them to your shop. Obviously we are not professional photographers, but we believe it's better to get the shop up and running, then you can email your photos at a later date.

Once you've received the garments we used to set up the shop, you can take your own pictures and send them to us. We will then add them to the shop and send you a link to approve before we go live.

Pictures need to be in the jpeg format, RGB colour and 400 pixels x 400 pixels in size, (approximately 12kb).

Please note that all transactions are handled by SSL (Secure Socket Layer) encryption\*.

\* The site uses SSL (secure socket layer) encryption. The actual certificate installed is from Thawte and is capable of 256-bit encryption (if supported by the client's browser such as Internet Explorer 7 or Firefox). The point at which page data becomes encrypted in this method is when the 'padlock' appears on the browser toolbar. In older versions the padlock usually appears in the bottom right corner.

# Staff Uniform

## Save on all admin ...

... and order all your staff uniform on-line  
using a bespoke credit system linked  
to your very own 'staff uniform shop'

- ➔ Each member of staff is allocated a certain number of credits decided on by your company.
- ➔ The number of credits allowed dictates how many items of uniform each staff member can order.
- ➔ 1 Credit is worth £1.
- ➔ At the end of each month we invoice the company for all the items of uniform ordered by individual members of staff.
- ➔ Once a member of staff has used their allotted number of credits they can buy extra uniform and pay on their own credit card.
- ➔ Orders arrive at your premises individually bagged ready to be handed out.
- ➔ At the end of each month we invoice you for the uniform that has been sent.
